

5PSC PRIMO-SOUND-CUBE™

The all new 5PSC PRIMO-SOUND-CUBE™ is a superior quality single driver **ULTRA-COMPACT SYSTEM** for use as a point source console mixdown and comparative reference monitor and powerful full-range extension speaker.

The sound is exceptionally clean, musically transparent, and undistorted.... much better than the previous "CUBES" and unmatched by other small single driver full-range speaker systems now on the market.

It is still, however, a narrow-band monitor so it will continue to fulfill its functions as a professional mixdown reference for small speaker comparisons (i.e., television and radio mixes).

The 5PSC is upgraded to the improved present day quality standards that did not exist when the original "SUPER-SOUND-CUBES" were introduced to the recording and broadcast industries over sixteen years ago.

A new rubber surround and specially coated cone both contribute to the damping of internal break-up resulting in cleaner and more accurate sound. The wide half-roll rubber suspension also allows extended cone excursions for minimum distortion bass response. The rubber suspension has greater mechanical strength and aging stability than most other surround materials.

SPECIFICATIONS SUMMARY

THE DRIVER: 5" (127 mm) diameter round with coated cone and rubber surround, 1" (25 mm) high temperature voice coil on aluminum former, and a one pound (0.45 kg) plus VIDEO-SHIELD™ magnet structure.

NOMINAL IMPEDANCE: 8 ohms.

POWER HANDLING: 35 watts nominal, 70 watts music power.

SENSITIVITY: 88 db 1W/1M.

FREQUENCY RESPONSE: Audible, 50-17,000 Hz. Anechoic on axis, 120-12,500 Hz ± 3 db.

THE ENCLOSURE: Structurally solid 5/8" (15.9 mm) thick low resonance SUPER-ACOUSTICWOOD™ finished with abrasion resistant, textured black, woodgrain, or white vinyl.

Black acoustically transparent stretch fabric easily removable grille.

Styling for modern studio, office, or residential decor.

HWD: 6½" x 6½" x 6½" (16.5 x 16.5 x 15.9 cm).

SHIPPING WEIGHT: 14 pounds (6.4 kg) per pair.

THE LIMITED WARRANTY: Workmanship and materials are guaranteed for two years from the original date of purchase. This warranty does not cover loudspeakers that have been "blown out" or damaged due to over-loading, abuse or unauthorized repairs.
